

Single-particle and collective motions from nuclear many-body correlation (PCM2025)

Thursday, 6 March 2025

session #8 - Main Lecture Hall (09:30 - 10:40)

-Conveners: Stefan Frauendorf

time	[id] title	presenter
09:30	[15] Nuclear Mass and Fission-Fragment Studies based on the FRDM and FRLDM Models.	Dr MOLLER, Peter
09:55	[58] Cluster aspects of ground and excited states: monopole and dipole excitations	KANADA-EN'YO, Yoshiko
10:20	[37] Understanding Shell Evolution: Where and How?	ONG, Hooi Jin
