

Single-particle and collective motions from nuclear many-body correlation (PCM2025)

Friday, 7 March 2025

session #12 - Main Lecture Hall (09:30 - 10:35)

-Conveners: Benjamin Kay

time	[id] title	presenter
09:30	[33] Role of triaxiality in deformed halo nuclei	UZAWA, Kotaro
09:50	[49] Direct Mass measurements of fp-shell nuclei in the vicinity of proton dripline via TOF-Brho method	HANAI, Shutaro
10:10	[89] Deformation driven neutron halos	Prof. NAKAMURA, Takashi
